Net enrolment ratio in primary education Total
Net enrolment ratio in primary education - Female 2001 - Graph.xls
Net enrolment ratio in primary education 2001 - Table.xls
Map in Gallery

In the Gallery window, there is a map showing the net enrollment ratio in primary education. The figure indicates the percentage of children enrolled in primary education across various regions. The map is color-coded to represent different enrollment rates, with darker colors indicating higher percentages. The Excel file associated with this data is titled "Net enrollment ratio in primary education Total - Map.xls."

Summary

• The DevInfo Map Wizard has 5 steps

• The first step is to select the map theme

• The second step is to enter map options, like the title

• The third step is to customize the map

• The fourth step is to preview the map in MS Excel

• The fifth step is to save the map in the DevInfo Gallery
